REPLY TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Responsive to the Restriction Requirement dated May 11, 2007, the claims of Group III (Claims 1-6) drawn to a modulated release composition comprising a biocompatible polymeric matrix, a biologically active pharmaceutical composition and zinc cation are elected for prosecution. Applicant reserves the right to file a continuing application or take such other appropriate action as deemed necessary to protect the non-elected inventions. Applicant does not hereby abandon or waive any rights in the non-elected inventions.

Responsive to the requirement for an election of species for searching purposes, Applicant hereby elects poly(lactide-co-glycolide)s blend and copolymers thereof as the species of polymer and human growth hormone as the species of protein. Claims readable on the elected species are 1-6.

Pursuant to MPEP § 821.04(b), it is anticipated that the Group VI invention, at least at it applies to zinc cation, will be rejoined and examined when the claims of the Group III invention are found to be allowable.

An extension of time to respond to the Restriction Requirement is respectfully requested. A Petition for an Extension of Time and the appropriate fee are being filed concurrently.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
